President’s Message

There has been a lot of discussion among members of our Club of late about our support of students at the Wollongong University. We have for many years provided a community scholarship to help a student undertake their first degree. Philip Martin is the current holder of what is now the Rotary club of West Wollongong John Chaplin Memorial Scholarship. Following a decision made for our 50th anniversary, we have offered a PhD scholarship at the University in partnership with Australian Rotary Health. We are currently seeking a new student to take up this one.

Over the three years I have worked at the University I have been involved in many efforts at community engagements hoping that the local community would know more about what goes on there and benefit from it. This Friday evening I attended a talk by students doing an honours subject called Humanitarian Engineering. This group of students with a variety of engineering and other qualifications undertake projects in schools in Rwanda. They are given a problem, design a solution, raise the necessary funds and go at their own expense as a group to make it happen. Another Rotarian and I recognised how like an international Rotary project this was. We should get these students to speak at one of our meetings soon and see if there is some way we can be involved. The smiles on the faces of both the school children and the Uni students in their presentation are amazing as the project came together.

Helen

Report on last week's meeting ... Scribe: Ken Potter

My job as scribe on Wednesday last, did not involve reams of information needing to be taken.

In fact, I only recorded that we were at the UoW’s iAccelerate building and there were 12 of us. The pizzas were nice, as was the beer and wine and President Helen had taken great efforts, to make the evening work well.

This ‘Movie Maker’ program is a logical progression for Grand Stories, given that technology moves so quickly. Well done, to President Helen.

Our member and DGE, Di North OAM, has entered into this year’s City2Surf on Sunday 11 August 2019 – her 30th year. Di is inspired by the work of Australian Rotary Health (ARH) and, by entering in the City to Surf and simultaneously raising funds for ARH, she wants to support their efforts and make a difference. Please support Di and help ARH by giving whatever you can via this [Everyday Hero] link.

Plenty of eager and interested members during last week’s informal presentation by President Helen Hasan. The session was designed to highlight the ease of use and potential benefits of incorporating the ‘Movie Maker’ program into the Grand Stories project.
Marilyn Phillips and Angela Capri looked pretty confident with Movie Maker
... The boys on the other hand looked like they may have needed some extra tuition.

No act of kindness, no matter how small, is ever wasted.
